

MOVE YOUR MONEY: DIVEST & REINVEST

March 18, 2018 12:00pm-2:00pm

Unitarian Universalist Church
2124 Brewster Ave - Redwood City, CA

Is your money supporting your values and your vision for our world?

Learn about the impact of your banking and investments, and how we can direct our impact consciously:

- How large banks fuel climate change with our money.
- The impact of owning stocks, bonds and funds: our power over corporations.
- The explosion of new socially responsible banks and low cost funds.
- Resources, tools and personal coaching, offered freely to help you divest & reinvest.

This workshop is for everyone whether you are thinking about opening your first bank account or have been investing for many years.

Come get connected and join the divestment movement for a cleaner, more sustainable world.

Speakers

David Elliston of CleanMoney.us and [Fossil Free California](http://FossilFreeCalifornia.org). A frequent speaker on divestment, David started CleanMoney.us to build a volunteer network of coaches and tools to help you understand and control the impact of your money.

Marianna Tubman of the UUFRC Social Action Committee & [350 Silicon Valley](http://350SiliconValley.org) Divestment Team, working locally to encourage cities and individuals to divest.

Empowering local residents to solve the climate crisis, as part of 350.org, the global grassroots climate movement.

Grassroots network providing free coaching and tools to help people take control of the impact of their money, for a just and livable planet.

Convincing public institutions, private institutions, and individuals statewide to divest from all fossil fuels: coal, oil, and gas.
